

## ***Trailer Race Rules 2026:***

### **General Fairground Rules:**

You are competing at your own risk. Those competing in the event, drivers, fans and/or pit crews are responsible for their own safety and equipment. The Dodge County Fair, promoters, sponsors, agents, volunteers, workers, heirs and successors will not be held responsible for any accidents, damage or theft. You must be 16 years of age to run and be in the pits unless you are 15 years of age with a valid license, anyone under the age of 18 will need a minor release form signed by a parent/guardian and notarized signature. All drivers must have a photo ID to be paid (No Exceptions). Any harassment of judges, fair board members, promoter staff and competitors or crews will not be tolerated. You may be escorted out by police and/or barred for 2 years. Promoters' discretion. Inappropriate behavior or language will not be tolerated in the pits or on the track. Any inappropriate language or symbols on your vehicle or clothing and you will be asked to remove it or leave. This is a family show. Absolutely NO ALCOHOL or CANNABIS OF ANY FORM in the pits. There will be plenty of law enforcement walking around and checking coolers. The fair board and promoter are not responsible for cars left after the races. Any car or truck left on fairgrounds after 8:00 am the following day will become property of promoter. The inspectors will do the inspecting. If you think somebody is cheating let us know!

### **Competition Rules:**

When you are flagged out, you must leave the track! One passenger is allowed in the vehicle, but the same rules apply for both the driver and passenger. Both must have a helmet, eye protection and seat belts on until the heat is over or when an official tells you to get out. No exceptions, you will be told to leave! Drivers' door hits are illegal. If the hit is deemed by officials to be careless or intentional, you will be disqualified. Any open door will be cause for disqualification.

**Fires:** You are allowed to have one fire. The second fire, you will be disqualified. All drivers must keep their arms inside cars. Watch your flag men for red flags when you see red stop where you are OUT!

### **General rules all classes Preparation:**

All Trailers MUST be a minimum of 6 ft! All outer hardware must be removed including door handles, mirrors, headlights, marker lights, turn signal lenses, chrome, molding screws, fiberglass. All burnable material must be removed. Bumper covers may be taken off. All glass must be removed and swept out of the car. I highly recommend chaining, wiring, or welding doors shut. Hoods must have a

10"x 10" min. fire hole in hood. Battery may be under hood; must be secure and covered. Gas Tanks for Cars Racing: Tanks in front of rear axle may stay in place, gas tanks behind rear axle must be moved inside car and securely fastened down and covered. Gas line must be mounted to the floor. **Fuel Pumps:** No electric fuel pumps, unless they came from factory with one. If you have one, you must run a separate on and off switch, and it must be clearly marked which position is off and mounted close to the driver. Fuel injected cars must use fuel injected gas line hose. Pump gas only, no Alcohol. **Brakes:** All vehicles running in the races must have brakes, this will be checked at inspection. Windshield Bars, and screens are Mandatory in all cars and trucks, for driver and passenger! Air Bags: Must be removed. **Roll Bar: All cars and trucks must have one to race (No Exceptions), must have a 2 Point roll over bar welded to floor and bolted to roof in two or more places with at least 4x4 inch plates on roof.** You are more than welcome to add kickers to the roll bar, no exhaust pipe for roll bar material! Any tire allowed for race events. Skid plates are allowed on any car or truck racing. You may add a brush type guard to the front bumper. No chain binders or wheel weights on vehicles. Any kind of hitch allowed if the mounting point is behind the vehicle; let's keep them attached the best we can.

**Trailer:** Any kind of trailer allowed (campers, boats, ect. Be Creative!) Must be a true trailer and a Minimum of 6ft! The trailers must be between 6ft to 22 ft in length, any tire on pull rigs. Once your trailer is disconnected you are disqualified. Must have safety chains bolted to trailer and car. A trailer is only a trailer if it has wheels, Do Not bring a trailer that falls apart on the first lap or you will see the black flag. You cannot hit the two vehicles from in front of rear tires forward. We strongly recommend you put as many crazy things on your trailer as you want but you cannot have any loose objects on your trailers everything needs to be strapped down somehow, no drain tile.

The object of the race is to take out the other cars trailer thereby advancing you in the field, once again no wheels = no trailer = black flag.

Best Trailer \$100

REMINDER ALL Trailers must be a MINIMUM of 6ft!
